Subject index

A

Abducens nerve
Contribution of the eighth nerve and cranial nerve nuclei to the short-latency vestibular evoked potentials in cats (Li et al). 1997;116:181-8

Abnormalities
Bifid epiglottis and polydactyly: a new genetic syndrome (McClay et al). 1997;116:129-33 (Case rep.)
Congenital absence of stapes and facial nerve dehiscence (Reiber and Schwaber). 1997;116:278 (Clin. photo.)
Management of congenital atresia of the external auditory canal (Murphy et al). 1997;116:580-4
Multiple temporal bone anomalies associated with Noonan syndrome (Naficy et al). 1997;116:265-7 (Case rep.)
Papillary carcinoma arising in a thyroglossal duct cyst (Wigley et al). 1997;116:386-8 (Case rep.)

Abscess
Contemporary management of deep neck space infections (Gidley et al). 1997;116:16-22
Immunosuppression and systemic lupus erythematosus predisposing to laryngeal abscess (McNellis and Hoang). 1997;116:107-9 (Case rep.)

Academic medical centers
Dual roles of academic health care centers for the future: medical education and applied managed care research? (Holt). 1997;116:141-5 (Editorial)

Acetaminophen
Pediatric subacute acetaminophen toxicity (Dunlevy and Wall). 1997;116:134-6 (Case rep.)

Acinetobacter calcoaceticus
Microbiology of otitis externa (Clark et al). 1997;116:23-5

Acoustic nerve
Contribution of the eighth nerve and cranial nerve nuclei to the short-latency vestibular evoked potentials in cats (Li et al). 1997;116:181-8
Perineural spread of facial squamous cell carcinoma to the vestibulocochlear nerve (Murofushi et al). 1997;116:392-4 (Case rep.)
Primary peripheral T-cell lymphoma of the acoustic nerve (Taskin et al). 1997;116:674-7 (Case rep.)

Adenoidectomy
Atlantoaxial subluxation after tonsillectomy and adenoidectomy (Önerci et al). 1997;116:271-3 (Case rep.)

Adenoids
Adenoid bacteriology and sinonasal symptoms in children (Lee and Rosenfeld). 1997;116:301-7

Adenoma, pleomorphic
Pleomorphic adenoma of the trachea (Bizal et al). 1997;116:139-40 (Clin. photo.)

Administration, intranasal
Transnasal butorphanol: pain relief in the head and neck patient (Cannon). 1997;116:197-200

Administration, topical
Efficacy of ototopical ciprofloxacin in pediatric patients with otorrhea (Wintermeyer et al). 1997;116:450-3

Adolescence
Nodular thyroid disease in children and adolescents (Millman and Pellitteri). 1997;116:604-9

Adrenal cortex hormones
Sinusitis: bench to bedside. Current findings, future directions (Kaliner et al). 1997;116:S1-20

Agenesis
Tracheal agenesis: a case report and review of the literature (Kerschner and Klotch). 1997;116:123-8 (Case rep.)

Allergic fungal sinusitis; ***see*** **Sinusitis**

Allergy; ***see*** **Hypersensitivity**

Ambulatory care
Safe pediatric outpatient sedation: the chloral hydrate debate revisited (Malis and Burton). 1997;116:53-7

Ameloblastoma
Ameloblastoma of the maxilla: a series of three cases (Kieserman et al). 1997;116:395-8 (Case rep.)

Aminoglycosides
Do aminoglycoside otic preparations cause ototoxicity in the presence of tympanic membrane perforations? (Wong and Rutka). 1997;116:404-10 (Case rep.)

Aminolevulinic acid
Intraoperative phototherapy: a comparative study of intravenous and topical photofrin II and aminolevulinic acid (Davis et al). 1997;116:223-7

Aminopeptidases
Altered regulation of cell surface peptidases in human cholesteatoma (Desloge et al). 1997;116:58-63

Amniotic band syndrome
Craniofacial manifestations of the amniotic band syndrome (Bagatin et al). 1997;116:525-8

Amyloidosis
Amyloidosis (Smith et al). 1997;116:699-700 (Clin. photo.)

Antibiotics
Acute mastoiditis in children: a 12-year retrospective study (Harley et al). 1997;116:26-30
Contemporary management of deep neck space infections (Gidley et al). 1997;116:16-22
Do aminoglycoside otic preparations cause ototoxicity in the presence of tympanic membrane perforations? (Wong and Rutka). 1997;116:404-10 (Case rep.)
Sinusitis: bench to bedside. Current findings, future directions (Kaliner et al). 1997;116:S1-20

Antibodies, monoclonal
Altered regulation of cell surface peptidases in human cholesteatoma (Desloge et al). 1997;116:58-63

Antineoplastic agents
Changes in otoacoustic emissions and auditory brain stem response after *cis*-platinum exposure in gerbils (Sie and Norton). 1997;116:585-92

Apnea
Ovine fetal laryngeal chemoreflex thresholds and respiratory effects (Chan et al). 1997;116:91-6

Apnea, sleep; ***see*** **Sleep apnea syndromes**

Apoptosis
Suppressive factor or factors derived from head and neck squamous cell carcinoma induce apoptosis in activated lymphocytes (Billings et al). 1997;116:458-65

Apparent life-threatening event
Otolaryngic manifestations in children presenting with apparent life-threatening events (McMurray and Holinger). 1997;116:575-9

January, pp. 1-140; February, pp. 141-278; March, pp. 279-418; April, pp. 419-566; May, pp. P1-P238; June, Part 1 pp. 567-728 and Part 2 S1-S20.

Arthroscopy
Use of the miniarthroscopic drill in choanal atresia repair: how we do it (Randall et al). 1997;116:696-7 (Drug/device)
Articulation disorders
Anomalous articulation of the first rib mimicking supraclavicular neoplasia (Zrada and Finkelstein). 1997;116:389-91 (Case rep.)
Arytenoid cartilage
Cricopharyngeal myotomy and arytenoid adduction in the management of combined laryngeal and pharyngeal paralysis (Woodson). 1997;116:339-43
Physiologic motion after laryngeal nerve reinnervation: a new method (Sercarz et al). 1997;116:466-74
Aspergillosis
Tracheoesophageal fistula and sinusitis from invasive aspergillosis (Stack Jr et al). 1997;116:116-9 (Case rep.)
Aspergillus
Immunotherapy in the treatment of allergic fungal sinusitis (Mabry et al). 1997;116:31-5
Aspiration
Cricopharyngeal myotomy and arytenoid adduction in the management of combined laryngeal and pharyngeal paralysis (Woodson). 1997;116:339-43
Pathophysiology and indications for medialization thyroplasty in patients with dysphagia and aspiration (Flint et al). 1997;116:349-54
Ultrasonic tonsillectomy: rationale and technique (Weingarten). 1997;116:193-6
Asthma
Sinusitis: bench to bedside. Current findings, future directions (Kaliner et al). 1997;116:S1-20
Atlanto-axial joint
Atlantoaxial subluxation after tonsillectomy and adenoidectomy (Önerci et al). 1997;116:271-3 (Case rep.)
Atresia
Management of congenital atresia of the external auditory canal (Murphy et al). 1997;116:580-4
Use of the miniarthroscopic drill in choanal atresia repair: how we do it (Randall et al). 1997;116:696-7 (Drug/device)
Audiometry, evoked response
Changes in otoacoustic emissions and auditory brain stem response after *cis*-platinum exposure in gerbils (Sie and Norton). 1997;116:585-92
Cost-effective evaluation of asymmetric sensorineural hearing loss with focused magnetic resonance imaging (Carrier and Arriaga). 1997;116:567-74
Electrocochleography in retrosigmoid vestibular nerve section for intractable vertigo caused by Meniere's disease (Krueger and Storper). 1997;116:593-6
Neonatal hearing screening with otoscopy, auditory brain stem response, and otoacoustic emissions (Doyle et al). 1997;116:597-603
Pass/fail rates for repeated click-evoked otoacoustic emission and auditory brain stem response screenings in newborns (McNellis and Klein). 1997;116:431-7
Auditory canal, external; *see* **Ear canal**
Auditory tube; *see* **Eustachian tube**

B

Bacteria, aerobic
Microbiology of otitis externa (Clark et al). 1997;116:23-5
Bacteria, anaerobic
Microbiology of otitis externa (Clark et al). 1997;116:23-5
Bacterial infections
Adenoid bacteriology and sinonasal symptoms in children (Lee and Rosenfeld). 1997;116:301-7
Microbiology of otitis externa (Clark et al). 1997;116:23-5
Nontuberculous mycobacterial infection of the frontal sinus in a child (Weiss et al). 1997;116:110-2 (Case rep.)
Bacterial outer membrane proteins
Immunoglobulin G subclass response to major outer membrane proteins of nontypable *Haemophilus influenzae* in children with acute otitis media (Bernstein et al). 1997;116:363-71
Bacteroides
Contemporary management of deep neck space infections (Gidley et al). 1997;116:16-22
Microbiology of otitis externa (Clark et al). 1997;116:23-5
Barium
Role of the modified barium swallow in management of patients with dysphagia (Logemann). 1997;116:335-8
Barotrauma
Middle ear and auditory tube: middle ear clearance, gas exchange, and pressure regulation (Sadé and Ar). 1997;116:499-524
Basic science review
Basic science review. 1997;116:499-562
Benign paroxysmal positional vertigo
Further observations during the particle repositioning maneuver for benign paroxysmal positional vertigo (Parnes and Robichaud). 1997;116:238-43 (Case rep.)
Blindness
Delayed blindness after facial fracture repair (Li et al). 1997;116:251-3 (Case rep.)
Endoscopic approach to traumatic visual loss (Kountakis et al). 1997;116:652-5
Bone marrow transplantation
Impact of surgical treatment on paranasal fungal infections in bone marrow transplant patients (Kennedy et al). 1997;116:610-6
Botulinum toxins
Use of botulinum toxin for diagnosis and management of cricopharyngeal achalasia (Blitzer and Brin). 1997;116:328-30
Brain
Ultrastructural primary endings of deaf white cats (Huchton et al). 1997;116:286-93
Brain stem
Changes in otoacoustic emissions and auditory brain stem response after *cis*-platinum exposure in gerbils (Sie and Norton). 1997;116:585-92
Cost-effective evaluation of asymmetric sensorineural hearing loss with focused magnetic resonance imaging (Carrier and Arriaga). 1997;116:567-74
Neonatal hearing screening with otoscopy, auditory brain stem response, and otoacoustic emissions (Doyle et al). 1997;116:597-603
Pass/fail rates for repeated click-evoked otoacoustic emission and auditory brain stem response screenings in newborns (McNellis and Klein). 1997;116:431-7
Bronchitis
Laryngotracheobronchitis in pregnancy and its clinical implications (Moses et al). 1997;116:401-3 (Case rep.)
Butorphanol
Transnasal butorphanol: pain relief in the head and neck patient (Cannon). 1997;116:197-200

C

Canalith repositioning procedure
Further observations during the particle repositioning maneuver for benign paroxysmal positional vertigo (Parnes and Robichaud). 1997;116:238-43 (Case rep.)
Candida
Contemporary management of deep neck space infections (Gidley et al). 1997;116:16-22

Capillary hemangioma; *see* **Hemangioma, capillary**
Carcinoma
Middle ear and auditory tube: middle ear clearance, gas exchange, and pressure regulation (Sadé and Ar). 1997;116:499-524
Spindle cell carcinoma of the larynx and hypopharynx (Olsen et al). 1997;116:47-52
Carcinoma, epidermoid; *see* **Carcinoma, squamous cell**
Carcinoma, papillary
Factors that predict metastasis of papillary and follicular thyroid cancers in Taiwan (Lin et al). 1997;116:475-82
Papillary carcinoma arising in a thyroglossal duct cyst (Wigley et al). 1997;116:386-8 (Case rep.)
Carcinoma, small cell
Small cell carcinoma of the lung metastatic to the palatine tonsil (Hisa et al). 1997;116:563-4 (Clin. photo.)
Carcinoma, squamous cell
Combined surgery and radiation therapy for squamous cell carcinoma of the hypopharynx (Kraus et al). 1997;116:637-41
Extended temporal bone resection for squamous cell carcinoma (Moffat et al). 1997;116:617-23
Perineural spread of facial squamous cell carcinoma to the vestibulocochlear nerve (Murofushi et al). 1997;116:392-4 (Case rep.)
Platysma myocutaneous flap: use for intraoral reconstruction (Özçelik et al). 1997;116:493-6
Squamous cell carcinomas of the head and neck cultured in floating collagen gels: 1. the maintenance of stromal and epitheliai elements in vitro without fibroblast overgrowth (Burford-Mason et al). 1997;116:213-22
Suppressive factor or factors derived from head and neck squamous cell carcinoma induce apoptosis in activated lymphocytes (Billings et al). 1997;116:458-65
Carotid arteries
Contemporary management of deep neck space infections (Gidley et al). 1997;116:16-22
Superior thyroid artery arising from the common carotid artery (Akyol et al). 1997;116:701 (Clin. photo.)
Cartilage
Cartilage viability with interpolated skin flaps: an experimental study (Park et al). 1997;116:483-8
Case reports
Case reports. 1997;116:104-36, 228-73, 386-413, 674-88
Cats
Contribution of the eighth nerve and cranial nerve nuclei to the short-latency vestibular evoked potentials in cats (Li et al). 1997;116:181-8
Ultrastructural primary endings of deaf white cats (Huchton et al). 1997;116:286-93
Cell surface peptidases
Altered regulation of cell surface peptidases in human cholesteatoma (Desloge et al). 1997;116:58-63
Cerebellopontine angle
Primary peripheral T-cell lymphoma of the acoustic nerve (Taskin et al). 1997;116:674-7 (Case rep.)
Cerebrospinal otorrhea
Efficacy of ototopical ciprofloxacin in pediatric patients with otorrhea (Wintermeyer et al). 1997;116:450-3
Cerebrospinal rhinorrhea
Contemporary management of cerebrospinal fluid rhinorrhea (Wax et al). 1997;116:442-9
Resolution of primary spontaneous cerebrospinal fluid rhinorrhea after computed tomographic cisternography (Brigham et al). 1997;116:533-5
Cervical vertebrae
Stretch-induced nerve injury as a cause of paralysis secondary to the anterior cervical approach (Weisberg et al). 1997;116:317-26
Cheek
Platysma myocutaneous flap: use for intraoral reconstruction (Özçelik et al). 1997;116:493-6
Chemotherapy; *see* **Drug therapy**
Child
Acute mastoiditis in children: a 12-year retrospective study (Harley et al). 1997;116:26-30
Adenoid bacteriology and sinonasal symptoms in children (Lee and Rosenfeld). 1997;116:301-7
Efficacy of ototopical ciprofloxacin in pediatric patients with otorrhea (Wintermeyer et al). 1997;116:450-3
Immunoglobulin G subclass response to major outer membrane proteins of nontypable *Haemophilus influenzae* in children with acute otitis media (Bernstein et al). 1997;116:363-71
Nitric oxide mediates mucin secretion in endotoxin-induced otitis media with effusion (Rose et al). 1997;116:308-16
Nodular thyroid disease in children and adolescents (Millman and Pellitteri). 1997;116:604-9
Nontuberculous mycobacterial infection of the frontal sinus in a child (Weiss et al). 1997;116:110-2 (Case rep.)
Otolaryngic manifestations in children presenting with apparent life-threatening events (McMurray and Holinger). 1997;116:575-9
Pediatric sinusitis: a literature review with emphasis on the role of allergy (Gungor and Corey). 1997;116:4-15
Pediatric subacute acetaminophen toxicity (Dunlevy and Wall). 1997;116:134-6 (Case rep.)
Protection of the cervical skin in the pediatric patient with a recent tracheostomy (Bressler et al). 1997;116:414-5 (Drug/device)
Safe pediatric outpatient sedation: the chloral hydrate debate revisited (Malis and Burton). 1997;116:53-7
Sinusitis: bench to bedside. Current findings, future directions (Kaliner et al). 1997;116:S1-20
Chloral hydrate
Safe pediatric outpatient sedation: the chloral hydrate debate revisited (Malis and Burton). 1997;116:53-7
Choanal atresia
Use of the miniarthroscopic drill in choanal atresia repair: how we do it (Randall et al). 1997;116:696-7 (Drug/device)
Cholesteatoma
Altered regulation of cell surface peptidases in human cholesteatoma (Desloge et al). 1997;116:58-63
Chondrosarcoma
Chondrosarcoma of the maxilla: a case report and review (Selz et al). 1997;116:399-400 (Case rep.)
Chromosomes, human, pair 22
A molecular, clinical, and immunohistochemical study of vestibular schwannoma (Irving et al). 1997;116:426-30
Chylothorax
Management of persistent chylothorax (Postma and Keyser). 1997;116:268-70 (Case rep.)
Cholesteatoma
Giant cholesteatoma presenting as a postauricular mass (Topaloğlu et al). 1997;116:678-9 (Case rep.)
Ciliary motility disorders
Intraoperative diagnosis of primary ciliary dyskinesia (Bent III and Smith). 1997;116:64-7
New developments in the diagnosis of Kartagener's syndrome (Teknos et al). 1997;116:68-74
Sinusitis: bench to bedside. Current findings, future directions (Kaliner et al). 1997;116:S1-20
Ciprofloxacin
Efficacy of ototopical ciprofloxacin in pediatric patients with otorrhea (Wintermeyer et al). 1997;116:450-3

Cisplatin
Changes in otoacoustic emissions and auditory brain stem response after *cis*-platinum exposure in gerbils (Sie and Norton). 1997;116:585-92
Profound hearing loss from intravertebral artery cisplatin (Wetmore et al). 1997;116:234-7 (Case rep.)
Cisternography
Resolution of primary spontaneous cerebrospinal fluid rhinorrhea after computed tomographic cisternography (Brigham et al). 1997;116:533-5
Clavicle
Anomalous articulation of the first rib mimicking supraclavicular neoplasia (Zrada and Finkelstein). 1997;116:389-91 (Case rep.)
Click-evoked otoacoustic emissions
Pass/fail rates for repeated click-evoked otoacoustic emission and auditory brain stem response screenings in newborns (McNellis and Klein). 1997;116:431-7
Clinical photography
Clinical photography. 1997;116:137-40, 278, 416-7, 563-6, 699-701
Cocaine
Palate perforation from cocaine abuse (Sastry et al). 1997;116:565-6 (Clin. photo.)
Cochlea
Methotrexate management of immune-mediated cochleovestibular disorders (Sismanis et al). 1997;116:146-52
Cochlear implant
Meningitis after cochlear implantation in Mondini malformation (Page and Eby). 1997;116:104-6 (Case rep.)
Speech recognition with the MPEAK and SPEAK speech-coding strategies of the nucleus cochlear implant (Holden et al). 1997;116:163-7
Ultrastructural primary endings of deaf white cats (Huchton et al). 1997;116:286-93
Collagen
A comparison of the biocompatibility of three absorbable hemostatic agents in the rat middle ear (Liening et al). 1997;116:454-7
Squamous cell carcinomas of the head and neck cultured in floating collagen gels: 1. the maintenance of stromal and epithelial elements in vitro without fibroblast overgrowth (Burford-Mason et al). 1997;116:213-22
Community surveys; *see* Data collection
Computers
Use of an Internet-based journal club (Kuppersmith et al). 1997;116:497-8
Conductive deafness; *see* Hearing loss, conductive
Congenital abnormalities; *see* Abnormalities
Contrast media
Resolution of primary spontaneous cerebrospinal fluid rhinorrhea after computed tomographic cisternography (Brigham et al). 1997;116:533-5
Corrections
Altered regulation of cell surface peptidases in human cholesteatoma (Desloge et al) (1997;116:58-63). 1997;116:418
Correspondence
Hyperbaric oxygen therapy (Feldmeier et al). 1997;116:703-4
Stoma recurrence after laryngectomy (Önerci) (Letter); (Zbären) (Reply). 1997;116:702-3
Corticosteroids; *see* Adrenal cortex hormones
Costs and cost analysis
Cost-effective evaluation of asymmetric sensorineural hearing loss with focused magnetic resonance imaging (Carrier and Arriaga). 1997;116:567-74
Sinusitis: bench to bedside. Current findings, future directions (Kaliner et al). 1997;116:S1-20
Cranial fossa, anterior
Outcome analysis of the transglabellar/subcranial approach for lesions of the anterior cranial fossa: a comparison with the classic craniotomy approach (Jung et al). 1997;116:642-6
Cranial nerves
Contribution of the eighth nerve and cranial nerve nuclei to the short-latency vestibular evoked potentials in cats (Li et al). 1997;116:181-8
Perineural spread of facial squamous cell carcinoma to the vestibulocochlear nerve (Murofushi et al). 1997;116:392-4 (Case rep.)
Craniotomy
Outcome analysis of the transglabellar/subcranial approach for lesions of the anterior cranial fossa: a comparison with the classic craniotomy approach (Jung et al). 1997;116:642-6
Cranium; *see* Skull
Cricopharyngeus muscle
Cricopharyngeal myotomy and arytenoid adduction in the management of combined laryngeal and pharyngeal paralysis (Woodson). 1997;116:339-43
Use of botulinum toxin for diagnosis and management of cricopharyngeal achalasia (Blitzer and Brin). 1997;116:328-30
Cryptococcus
Vestibular dysfunction due to cryptococcal meningitis (Hughes III et al). 1997;116:536-40
Culture
Squamous cell carcinomas of the head and neck cultured in floating collagen gels: 1. the maintenance of stromal and epithelial elements in vitro without fibroblast overgrowth (Burford-Mason et al). 1997;116:213-22
Cystic fibrosis
Sinusitis: bench to bedside. Current findings, future directions (Kaliner et al). 1997;116:S1-20

D

Dandy's syndrome
Idiopathic Dandy's syndrome (Syms III and House). 1997;116:75-8
Data collection
Problems and pitfalls in community-based outcomes research (Isenberg and Rosenfeld). 1997;116:662-5
Deafness
Max Goldstein and deaf education: a century of progress (Bailey). 1997;116:419-25 (Editorial)
Ultrastructural primary endings of deaf white cats (Huchton et al). 1997;116:286-93
Deafness, conductive; *see* Hearing loss, conductive
Deafness, sudden
Sudden hearing loss in sickle cell disease: a case report (Schreibstein et al). 1997;116:541-4
Deglutition disorders
Cricopharyngeal myotomy and arytenoid adduction in the management of combined laryngeal and pharyngeal paralysis (Woodson). 1997;116:339-43
Laryngeal electromyography for the diagnosis and management of swallowing disorders (Hillel et al). 1997;116:344-8
Pathophysiology and indications for medialization thyroplasty in patients with dysphagia and aspiration (Flint et al). 1997;116:349-54
Role of the modified barium swallow in management of patients with dysphagia (Logemann). 1997;116:335-8

Sensory discrimination in the larynx and hypopharynx (Aviv). 1997;116:331-4
Use of botulinum toxin for diagnosis and management of cricopharyngeal achalasia (Blitzer and Brin). 1997;116:328-30
Use of manometry in the evaluation of dysphagia (Kelly). 1997;116:355-7

Diagnostic imaging
Safe pediatric outpatient sedation: the chloral hydrate debate revisited (Malis and Burton). 1997;116:53-7

Dipeptidyl peptidases
Altered regulation of cell surface peptidases in human cholesteatoma (Desloge et al). 1997;116:58-63

Dissection
Otologic manifestations of vertebral artery dissection (Strome et al). 1997;116:262-4 (Case rep.)

Dohlman procedure
Endoscopic Zenker's diverticulotomy (Dohlman procedure): forty cases reviewed (Von Doersten and Byl). 1997;116:209-12

Doxycycline
Phrenic nerve paralysis after doxycycline sclerotherapy for chylous fistula (Kirse et al).1997;116:680-3 (Case rep.)

Drill; *see* **Surgical instruments**

Drug therapy
Profound hearing loss from intravertebral artery cisplatin (Wetmore et al). 1997;116:234-7 (Case rep.)
Prospective randomized study of thrice weekly six-month and nine-month chemotherapy for cervical tuberculous lymphadenopathy (Yuen et al). 1997;116:189-92

Drug toxicity
Do aminoglycoside otic preparations cause ototoxicity in the presence of tympanic membrane perforations? (Wong and Rutka). 1997;116:404-10 (Case rep.)

Drug/device capsules
Drug/device capsules. 1997;116:274-7, 414-5, 689-98

Dyskinesia; *see* **Movement disorders**

Dysphagia; *see* **Deglutition disorders**

E

Ear, external
Neonatal hearing screening with otoscopy, auditory brain stem response, and otoacoustic emissions (Doyle et al). 1997;116:597-603

Ear, middle
A comparison of the biocompatibility of three absorbable hemostatic agents in the rat middle ear (Liening et al). 1997;116:454-7
Congenital absence of stapes and facial nerve dehiscence (Reiber and Schwaber). 1997;116:278 (Clin. photo.)
Giant cholesteatoma presenting as a postauricular mass (Topaloğlu et al). 1997;116:678-9 (Case rep.)
Idiopathic midline destructive disease involving the paranasal sinuses and middle ear (Nishizaki et al). 1997;116:548-50
Middle ear and auditory tube: middle ear clearance, gas exchange, and pressure regulation (Sadé and Ar). 1997;116:499-524
Middle ear mucin glycoprotein: purification and interaction with nontypable *Haemophilus influenzae* and *Moraxella catarrhalis* (Reddy et al). 1997;116:175-80
Neonatal hearing screening with otoscopy, auditory brain stem response, and otoacoustic emissions (Doyle et al). 1997;116:597-603
Nitric oxide mediates mucin secretion in endotoxin-induced otitis media with effusion (Rose et al). 1997;116:308-16

Ear canal
Management of congenital atresia of the external auditory canal (Murphy et al). 1997;116:580-4
Smooth muscle tumor of the external auditory canal (Iguchi et al). 1997;116:231-3 (Case rep.)

Ear neoplasms
Smooth muscle tumor of the external auditory canal (Iguchi et al). 1997;116:231-3 (Case rep.)

Editorials
Dual roles of academic health care centers for the future: medical education and applied managed care research? (Holt). 1997;116:141-5
Editorial (Holt). 1997;116:1-2
Markus Hajek, his students and friends (1907-1941) (Seitz). 1997;116:279-84
Max Goldstein and deaf education: a century of progress (Bailey). 1997;116:419-25
Thou shalt not kill (Conley). 1997;116:3

Education, medical
Dual roles of academic health care centers for the future: medical education and applied managed care research? (Holt). 1997;116:141-5 (Editorial)

Eighth nerve; *see* **Acoustic nerve**

Electrocautery; *see* **Electrocoagulation**

Electrocoagulation
A comparison of mucosal incisions made by scalpel, CO_2 laser, electrocautery, and constant-voltage electrocautery (Liboon et al). 1997;116:379-85

Electrocochleography; *see* **Audiometry, evoked response**

Electromyography
Laryngeal electromyography for the diagnosis and management of swallowing disorders (Hillel et al). 1997;116:344-8
Physiologic motion after laryngeal nerve reinnervation: a new method (Sercarz et al). 1997;116:466-74

Endoscopy
Contemporary management of cerebrospinal fluid rhinorrhea (Wax et al). 1997;116:442-9
Endoscopic approach to traumatic visual loss (Kountakis et al). 1997;116:652-5
Endoscopic Zenker's diverticulotomy (Dohlman procedure): forty cases reviewed (Von Doersten and Byl). 1997;116:209-12
Limited septoplasty for endoscopic sinus surgery (Cantrell). 1997;116:274-7 (Drug/device)
Management of tension pneumocephalus caused by endoscopic sinus surgery (Campanelli and Odland). 1997;116:247-50 (Case rep.)
New laser ruler instrument for making measurements through an endoscope (Herzon and Zealear). 1997;116:689-92 (Drug/device)
Percutaneous endoscopic gastrostomy by head and neck surgeons (Urban and Terris). 1997;116:489-92
Sinusitis: bench to bedside. Current findings, future directions (Kaliner et al). 1997;116:S1-20
Use of steerable forceps in endoscopic sinus surgery (Sillers). 1997;116:698 (Drug/device)

Endotoxins
Nitric oxide mediates mucin secretion in endotoxin-induced otitis media with effusion (Rose et al). 1997;116:308-16

Enterococcus
Contemporary management of deep neck space infections (Gidley et al). 1997;116:16-22
Microbiology of otitis externa (Clark et al). 1997;116:23-5

Epidermoid carcinoma; *see* **Carcinoma, squamous cell**

Epiglottis
Bifid epiglottis and polydactyly: a new genetic syndrome (McClay et al). 1997;116:129-33 (Case rep.)

Epithelial cells
Squamous cell carcinomas of the head and neck cultured in floating collagen gels: 1. the maintenance of stromal and epithelial elements in vitro without fibroblast overgrowth (Burford-Mason et al). 1997;116:213-22
Esophageal sphincter; *see* **Esophagogastric junction**
Esophagogastric junction
Use of botulinum toxin for diagnosis and management of cricopharyngeal achalasia (Blitzer and Brin). 1997;116:328-30
Use of manometry in the evaluation of dysphagia (Kelly). 1997;116:355-7
Esophagus
Successful tracheoesophageal puncture voice restoration in a patient with total glossectomy (Meeker et al). 1997;116:113-5 (Case rep.)
Ethmoid sinus
McCune-Albright syndrome (polyostotic fibrous dysplasia) with intracranial frontoethmoid mucocele (Furin et al). 1997;116:559-62
Supraorbital ethmoid cell (Owen Jr and Kuhn). 1997;116:254-61 (Case rep.)
European Organisation for Research and Treatment of Cancer
Prospective, longitudinal quality-of-life study of patients with head and neck cancer: a feasibility study including the EORTC QLQ-C30 (Hammerlid et al). 1997;116:666-73
Eustachian tube
Middle ear and auditory tube: middle ear clearance, gas exchange, and pressure regulation (Sadé and Ar). 1997;116:499-524
Evoked potentials
Contribution of the eighth nerve and cranial nerve nuclei to the short-latency vestibular evoked potentials in cats (Li et al). 1997;116:181-8
External auditory canal; *see* **Ear canal**
Exudates and transudates
Nitric oxide is a mediator of neurogenic vascular exudation in the nose (Lane et al). 1997;116:294-300

F

Face
Craniofacial manifestations of the amniotic band syndrome (Bagatin et al). 1997;116:525-8
Delayed blindness after facial fracture repair (Li et al). 1997;116:251-3 (Case rep.)
Face lift; *see* **Rhytidoplasty**
Facial neoplasms
Perineural spread of facial squamous cell carcinoma to the vestibulocochlear nerve (Murofushi et al). 1997;116:392-4 (Case rep.)
Facial nerve
Anomalously coursing facial nerves above and below the oval window: three case reports (Huang). 1997;116:438-41
Congenital absence of stapes and facial nerve dehiscence (Reiber and Schwaber). 1997;116:278 (Clin. photo.)
Perineural spread of facial squamous cell carcinoma to the vestibulocochlear nerve (Murofushi et al). 1997;116:392-4 (Case rep.)
Feasibility studies
Prospective, longitudinal quality-of-life study of patients with head and neck cancer: a feasibility study including the EORTC QLQ-C30 (Hammerlid et al). 1997;116:666-73
Fetus
Ovine fetal laryngeal chemoreflex thresholds and respiratory effects (Chan et al). 1997;116:91-6
Fibroblasts
Squamous cell carcinomas of the head and neck cultured in floating collagen gels: 1. the maintenance of stromal and epithelial elements in vitro without fibroblast overgrowth (Burford-Mason et al). 1997;116:213-22
Fibrous dysplasia, polyostotic
McCune-Albright syndrome (polyostotic fibrous dysplasia) with intracranial frontoethmoid mucocele (Furin et al). 1997;116:559-62
Fifth nerve; *see* **Trigeminal nerve**
Fistula
Phrenic nerve paralysis after doxycycline sclerotherapy for chylous fistula (Kirse et al). 1997;116:680-3 (Case rep.)
Fluoroscopy
Percutaneous endoscopic gastrostomy by head and neck surgeons (Urban and Terris). 1997;116:489-92
Role of the modified barium swallow in management of patients with dysphagia (Logemann). 1997;116:335-8
Follow-up studies
Predictors of residency performance: a follow-up study (Calhoun et al). 1997;116:647-51
Forceps; *see* **Surgical instruments**
Fourth nerve; *see* **Trochlear nerve**
Fractures
Delayed blindness after facial fracture repair (Li et al). 1997;116:251-3 (Case rep.)
Frontal sinus
Nontuberculous mycobacterial infection of the frontal sinus in a child (Weiss et al). 1997;116:110-2 (Case rep.)
Use of steerable forceps in endoscopic sinus surgery (Sillers). 1997;116:698 (Drug/device)
Fungi
Immunotherapy in the treatment of allergic fungal sinusitis (Mabry et al). 1997;116:31-5
Impact of surgical treatment on paranasal fungal infections in bone marrow transplant patients (Kennedy et al). 1997;116:610-6

G

Gas exchange
Middle ear and auditory tube: middle ear clearance, gas exchange, and pressure regulation (Sadé and Ar). 1997;116:499-524
Gastroesophageal reflux
Pilot study of the oral omeprazole test for reflux laryngitis (Metz et al). 1997;116:41-6
Gastrostomy
Percutaneous endoscopic gastrostomy by head and neck surgeons (Urban and Terris). 1997;116:489-92
Gelatin sponge, absorbable
A comparison of the biocompatibility of three absorbable hemostatic agents in the rat middle ear (Liening et al). 1997;116:454-7
Genetics, biochemical
A molecular, clinical, and immunohistochemical study of vestibular schwannoma (Irving et al). 1997;116:426-30
Gerbillinae
Changes in otoacoustic emissions and auditory brain stem

response after *cis*-platinum exposure in gerbils (Sie and Norton). 1997;116:585-92

Glossectomy

Successful tracheoesophageal puncture voice restoration in a patient with total glossectomy (Meeker et al). 1997;116:113-5 (Case rep.)

Glottis

Spindle cell carcinoma of the larynx and hypopharynx (Olsen et al). 1997;116:47-52

Glycoproteins

Middle ear mucin glycoprotein: purification and interaction with nontypable *Haemophilus influenzae* and *Moraxella catarrhalis* (Reddy et al). 1997;116:175-80

Goiter, substernal

Giant mediastinal parathyroid cyst masquerading as a substernal goiter (Lydiatt et al). 1997;116:411-3 (Case rep.)

Goldstein, Max

Max Goldstein and deaf education: a century of progress (Bailey). 1997;116:419-25 (Editorial)

Granuloma, lethal midline

Idiopathic midline destructive disease involving the paranasal sinuses and middle ear (Nishizaki et al). 1997;116:548-50

H

Haemophilus influenzae

Immunoglobulin G subclass response to major outer membrane proteins of nontypable Haemophilus influenzae in children with acute otitis media (Bernstein et al). 1997;116:363-71

Middle ear mucin glycoprotein: purification and interaction with nontypable *Haemophilus influenzae* and *Moraxella catarrhalis* (Reddy et al). 1997;116:175-80

Hajek, Markus

Markus Hajek, his students and friends (1907-1941) (Seitz). 1997;116:279-84 (Editorial)

Head and neck neoplasms

Head and neck cancer screening among 4611 tobacco users older than forty years (Prout et al). 1997;116:201-8

Intraoperative phototherapy: a comparative study of intravenous and topical photofrin II and aminolevulinic acid (Davis et al). 1997;116:223-7

Percutaneous endoscopic gastrostomy by head and neck surgeons (Urban and Terris). 1997;116:489-92

Prospective, longitudinal quality-of-life study of patients with head and neck cancer: a feasibility study including the EORTC QLQ-C30 (Hammerlid et al). 1997;116:666-73

Risk of lung cancer among patients with head and neck cancer (Deleyiannis and Thomas). 1997;116:630-6

Squamous cell carcinomas of the head and neck cultured in floating collagen gels: 1. the maintenance of stromal and epithelial elements in vitro without fibroblast overgrowth (Burford-Mason et al). 1997;116:213-22

Suppressive factor or factors derived from head and neck squamous cell carcinoma induce apoptosis in activated lymphocytes (Billings et al). 1997;116:458-65

Trace elements in head and neck cancer patients: zinc status and immunologic functions (Prasad et al). 1997;116:624-9

Transnasal butorphanol: pain relief in the head and neck patient (Cannon). 1997;116:197-200

Hearing loss, conductive

Anomalously coursing facial nerves above and below the oval window: three case reports (Huang). 1997;116:438-41

Hearing loss, sensorineural

Appropriateness of magnetic resonance imaging in sudden sensorineural hearing loss (Weber et al). 1997;116:153-6

Changes in otoacoustic emissions and auditory brain stem response after *cis*-platinum exposure in gerbils (Sie and Norton). 1997;116:585-92

Cost-effective evaluation of asymmetric sensorineural hearing loss with focused magnetic resonance imaging (Carrier and Arriaga). 1997;116:567-74

Profound hearing loss from intravertebral artery cisplatin (Wetmore et al). 1997;116:234-7 (Case rep.)

Sudden hearing loss in sickle cell disease: a case report (Schreibstein et al). 1997;116:541-4

Hearing tests

Neonatal hearing screening with otoscopy, auditory brain stem response, and otoacoustic emissions (Doyle et al). 1997;116:597-603

Hemangioma, capillary

Capillary hemangioma of the tympanic membrane (Magliulo and Fusconi). 1997;116:137 (Clin. photo.)

Hemorrhage

Outcome analysis of the transglabellar/subcranial approach for lesions of the anterior cranial fossa: a comparison with the classic craniotomy approach (Jung et al). 1997;116:642-6

Hemostatics

A comparison of the biocompatibility of three absorbable hemostatic agents in the rat middle ear (Liening et al). 1997;116:454-7

Heterozygote

A molecular, clinical, and immunohistochemical study of vestibular schwannoma (Irving et al). 1997;116:426-30

Hoarseness

Head and neck cancer screening among 4611 tobacco users older than forty years (Prout et al). 1997;116:201-8

Hospital Anxiety and Depression Scale

Prospective, longitudinal quality-of-life study of patients with head and neck cancer: a feasibilitystudy including the EORTC QLQ-C30 (Hammerlid et al). 1997;116:666-73

Hypersensitivity

Pediatric sinusitis: a literature review with emphasis on the role of allergy (Gungor and Corey). 1997;116:4-15

Sinusitis: bench to bedside. Current findings, future directions (Kaliner et al). 1997;116:S1-20

Hypnotics and sedatives

Safe pediatric outpatient sedation: the chloral hydrate debate revisited (Malis and Burton). 1997;116:53-7

Hypoglossal nerve

Cricopharyngeal myotomy and arytenoid adduction in the management of combined laryngeal and pharyngeal paralysis (Woodson). 1997;116:339-43

Hypopharynx

Combined surgery and radiation therapy for squamous cell carcinoma of the hypopharynx (Kraus et al). 1997;116:637-41

Sensory discrimination in the larynx and hypopharynx (Aviv). 1997;116:331-4

Spindle cell carcinoma of the larynx and hypopharynx (Olsen et al). 1997;116:47-52

I

Iatrogenic disease
Contemporary management of cerebrospinal fluid rhinorrhea (Wax et al). 1997;116:442-9
Idiopathic midline destructive disease
Idiopathic midline destructive disease involving the paranasal sinuses and middle ear (Nishizaki et al). 1997;116:548-50
Immune system
Trace elements in head and neck cancer patients: zinc status and immunologic functions (Prasad et al). 1997;116:624-9
Immune-mediated cochleovestibular disorders
Methotrexate management of immune-mediated cochleovestibular disorders (Sismanis et al). 1997;116:146-52
Immunocompromised host
Impact of surgical treatment on paranasal fungal infections in bone marrow transplant patients (Kennedy et al). 1997;116:610-6
Immunoglobulins
Immunoglobulin G subclass response to major outer membrane proteins of nontypable *Haemophilus influenzae* in children with acute otitis media (Bernstein et al). 1997;116:363-71
Immunohistochemistry
Altered regulation of cell surface peptidases in human cholesteatoma (Desloge et al). 1997;116:58-63
A molecular, clinical, and immunohistochemical study of vestibular schwannoma (Irving et al). 1997;116:426-30
Spindle cell carcinoma of the larynx and hypopharynx (Olsen et al). 1997;116:47-52
Immunosuppression
Immunosuppression and systemic lupus erythematosus predisposing to laryngeal abscess (McNellis and Hoang). 1997;116:107-9 (Case rep.)
Immunosuppressive agents
Suppressive factor or factors derived from head and neck squamous cell carcinoma induce apoptosis in activated lymphocytes (Billings et al). 1997;116:458-65
Immunotherapy
Immunotherapy in the treatment of allergic fungal sinusitis (Mabry et al). 1997;116:31-5
Incisions
A comparison of mucosal incisions made by scalpel, CO_2 laser, electrocautery, and constant-voltage electrocautery (Liboon et al). 1997;116:379-85
Incisor
Minimizing upper lip and incisor teeth paresthesias in approaches to transsphenoidal surgery (Schoem et al). 1997;116:656-61
Infant, newborn
Neonatal hearing screening with otoscopy, auditory brain stem response, and otoacoustic emissions (Doyle et al). 1997;116:597-603
Ovine fetal laryngeal chemoreflex thresholds and respiratory effects (Chan et al). 1997;116:91-6
Pass/fail rates for repeated click-evoked otoacoustic emission and auditory brain stem response screenings in newborns (McNellis and Klein). 1997;116:431-7
Infection
Adenoid bacteriology and sinonasal symptoms in children (Lee and Rosenfeld). 1997;116:301-7
Contemporary management of deep neck space infections (Gidley et al). 1997;116:16-22
Impact of surgical treatment on paranasal fungal infections in bone marrow transplant patients (Kennedy et al). 1997;116:610-6
Inflammation
Middle ear and auditory tube: middle ear clearance, gas exchange, and pressure regulation (Sadé and Ar). 1997;116:499-524
Swollen tongue: a presentation of myasthenia gravis (Davison et al). 1997;116:244-6 (Case rep.)
Internet
Use of an Internet-based journal club (Kuppersmith et al). 1997;116:497-8
Internship and residency
Predictors of residency performance: a follow-up study (Calhoun et al). 1997;116:647-51
Intraoperative care
Intraoperative phototherapy: a comparative study of intravenous and topical photofrin II and aminolevulinic acid (Davis et al). 1997;116:223-7

J

Journal clubs
Use of an Internet-based journal club (Kuppersmith et al). 1997;116:497-8
Jugular veins
Contemporary management of deep neck space infections (Gidley et al). 1997;116:16-22

K

Kartagener's syndrome
New developments in the diagnosis of Kartagener's syndrome (Teknos et al). 1997;116:68-74
Klebsiella ozaenae
Primary atrophic rhinitis: a summary of four cases and review of the literature (Chand and MacArthur). 1997;116:554-8

L

Laryngeal chemoreflex
Ovine fetal laryngeal chemoreflex thresholds and respiratory effects (Chan et al). 1997;116:91-6
Laryngeal neoplasms
Risk of lung cancer among patients with head and neck cancer (Deleyiannis and Thomas). 1997;116:630-6
Spindle cell carcinoma of the larynx and hypopharynx (Olsen et al). 1997;116:47-52
Laryngeal nerves
Cricopharyngeal myotomy and arytenoid adduction in the management of combined laryngeal and pharyngeal paralysis (Woodson). 1997;116:339-43
Pathophysiology and indications for medialization thyroplasty in patients with dysphagia and aspiration (Flint et al). 1997;116:349-54
Physiologic motion after laryngeal nerve reinnervation: a new method (Sercarz et al). 1997;116:466-74
Sensory discrimination in the larynx and hypopharynx (Aviv). 1997;116:331-4
Stretch-induced nerve injury as a cause of paralysis secondary to the anterior cervical approach (Weisberg et al). 1997;116:317-26
Laryngitis
Pilot study of the oral omeprazole test for reflux laryngitis (Metz et al). 1997;116:41-6
Laryngoscopy
Physiologic motion after laryngeal nerve reinnervation: a new method (Sercarz et al). 1997;116:466-74

Laryngostenosis
Endoscopically introduced expandable stents in laryngotracheal stenosis: the jury is still out (Hanna and Eliachar). 1997;116:97-103
Laryngotracheal reconstruction without stenting (Younis and Lazar). 1997;116:358-62
Larynx
Immunosuppression and systemic lupus erythematosus predisposing to laryngeal abscess (McNellis and Hoang). 1997;116:107-9 (Case rep.)
Laryngeal electromyography for the diagnosis and management of swallowing disorders (Hillel et al). 1997;116:344-8
Laryngotracheal reconstruction without stenting (Younis and Lazar). 1997;116:358-62
Laryngotracheobronchitis in pregnancy and its clinical implications (Moses et al). 1997;116:401-3 (Case rep.)
Ovine fetal laryngeal chemoreflex thresholds and respiratory effects (Chan et al). 1997;116:91-6
Sensory discrimination in the larynx and hypopharynx (Aviv). 1997;116:331-4
Translaryngeal puncture in a collegiate fencer (Campbell et al). 1997;116:120-2 (Case rep.)
Laser surgery
A comparison of mucosal incisions made by scalpel, CO_2 laser, electrocautery, and constant-voltage electrocautery (Liboon et al). 1997;116:379-85
New laser ruler instrument for making measurements through an endoscope (Herzon and Zealear). 1997;116:689-92 (Drug/device)
Lethal midline granuloma; *see* **Granuloma, lethal midline**
Letters
Hyperbaric oxygen therapy (Feldmeier et al). 1997;116:703-4
Stoma recurrence after laryngectomy (Önerci) (Letter); (Zbären) (Reply). 1997;116:702-3
Liberatory maneuver
Further observations during the particle repositioning maneuver for benign paroxysmal positional vertigo (Parnes and Robichaud). 1997;116:238-43 (Case rep.)
Lip
Minimizing upper lip and incisor teeth paresthesias in approaches to transsphenoidal surgery (Schoem et al). 1997;116:656-61
Literature
Closed rhinolalia as a symptom of pneumomediastinum after tonsillectomy: a case report and literature review (Braverman et al). 1997;116:551-3
Endoscopically introduced expandable stents in laryngotracheal stenosis: the jury is still out (Hanna and Eliachar). 1997;116:97-103
Pediatric sinusitis: a literature review with emphasis on the role of allergy (Gungor and Corey). 1997;116:4-15
Primary atrophic rhinitis: a summary of four cases and review of the literature (Chand and MacArthur). 1997;116:554-8
Tracheal agenesis: a case report and review of the literature (Kerschner and Klotch). 1997;116:123-8 (Case rep.)
Lung neoplasms
Risk of lung cancer among patients with head and neck cancer (Deleyiannis and Thomas). 1997;116:630-6
Small cell carcinoma of the lung metastatic to the palatine tonsil (Hisa et al). 1997;116:563-4 (Clin. photo.)
Lupus erythematosus, systemic
Immunosuppression and systemic lupus erythematosus predisposing to laryngeal abscess (McNellis and Hoang). 1997;116:107-9 (Case rep.)
Lymphadenopathy
Prospective randomized study of thrice weekly six-month and nine-month chemotherapy for cervical tuberculous lymphadenopathy (Yuen et al). 1997;116:189-92
Lymphocytes
Suppressive factor or factors derived from head and neck squamous cell carcinoma induce apoptosis in activated lymphocytes (Billings et al). 1997;116:458-65
Lymphoma, non-Hodgkin's
Primary peripheral T-cell lymphoma of the acoustic nerve (Taskin et al). 1997;116:674-7 (Case rep.)
Lymphoma, T-cell
Primary peripheral T-cell lymphoma of the acoustic nerve (Taskin et al). 1997;116:674-7 (Case rep.)

M

Magnetic resonance imaging
Appropriateness of magnetic resonance imaging in sudden sensorineural hearing loss (Weber et al). 1997;116:153-6
Cost-effective evaluation of asymmetric sensorineural hearing loss with focused magnetic resonance imaging (Carrier and Arriaga). 1997;116:567-74
Managed care programs
Dual roles of academic health care centers for the future: medical education and applied managed care research? (Holt). 1997;116:141-5 (Editorial)
Manometry
Use of manometry in the evaluation of dysphagia (Kelly). 1997;116:355-7
Mastoid
Middle ear and auditory tube: middle ear clearance, gas exchange, and pressure regulation (Sadé and Ar). 1997;116:499-524
Otogenic pneumocephalus in a patient with an idiopathic mastoid defect (Keller et al). 1997;116:228-30 (Case rep.)
Mastoiditis
Acute mastoiditis in children: a 12-year retrospective study (Harley et al). 1997;116:26-30
Maxillary neoplasms
Ameloblastoma of the maxilla: a series of three cases (Kieserman et al). 1997;116:395-8 (Case rep.)
Chondrosarcoma of the maxilla: a case report and review (Selz et al). 1997;116:399-400 (Case rep.)
Maxillary sinus
Idiopathic midline destructive disease involving the paranasal sinuses and middle ear (Nishizaki et al). 1997;116:548-50
Use of steerable forceps in endoscopic sinus surgery (Sillers). 1997;116:698 (Drug/device)
McCune-Albright syndrome; *see* **Fibrous dysplasia, polyostotic**
Mediastinal cyst
Giant mediastinal parathyroid cyst masquerading as a substernal goiter (Lydiatt et al). 1997;116:411-3 (Case rep.)
Mediastinal emphysema
Closed rhinolalia as a symptom of pneumomediastinum after tonsillectomy: a case report and literature review (Braverman et al). 1997;116:551-3
Meniere's disease
Electrocochleography in retrosigmoid vestibular nerve section for intractable vertigo caused by Meniere's disease (Krueger and Storper). 1997;116:593-6
Meningioma
Primary peripheral T-cell lymphoma of the acoustic nerve (Taskin et al). 1997;116:674-7 (Case rep.)

Meningitis
Meningitis after cochlear implantation in Mondini malformation (Page and Eby). 1997;116:104-6 (Case rep.)
Meningitis, cryptococcal
Vestibular dysfunction due to cryptococcal meningitis (Hughes III et al). 1997;116:536-40
Mesothelioma
Metastatic malignant mesothelioma to the tonsil (Hefer et al). 1997;116:684-8 (Case rep.)
Methotrexate
Methotrexate management of immune-mediated cochleovestibular disorders (Sismanis et al). 1997;116:146-52
Methyl methacrylates
Venous channels of the petrous apex: their presence and clinical importance (Gadre et al). 1997;116:168-74
Microbiology
Microbiology of otitis externa (Clark et al). 1997;116:23-5
Micrococcus
Contemporary management of deep neck space infections (Gidley et al). 1997;116:16-22
Middle ear ventilation
Middle ear and auditory tube: middle ear clearance, gas exchange, and pressure regulation (Sadé and Ar). 1997;116:499-524
Mondini malformation
Meningitis after cochlear implantation in Mondini malformation (Page and Eby). 1997;116:104-6 (Case rep.)
Moraxella (Branhamella) catarrhalis
Middle ear mucin glycoprotein: purification and interaction with nontypable *Haemophilus influenzae* and *Moraxella catarrhalis* (Reddy et al). 1997;116:175-80
Motion
Physiologic motion after laryngeal nerve reinnervation: a new method (Sercarz et al). 1997;116:466-74
Mouth mucosa
A comparison of mucosal incisions made by scalpel, CO_2 laser, electrocautery, and constant-voltage electrocautery (Liboon et al). 1997;116:379-85
Head and neck cancer screening among 4611 tobacco users older than forty years (Prout et al). 1997;116:201-8
Mouth neoplasms
Platysma myocutaneous flap: use for intraoral reconstruction (Özçelik et al). 1997;116:493-6
Movement disorders
Intraoperative diagnosis of primary ciliary dyskinesia (Bent III and Smith). 1997;116:64-7
New developments in the diagnosis of Kartagener's syndrome (Teknos et al). 1997;116:68-74
Mucins
Middle ear mucin glycoprotein: purification and interaction with nontypable *Haemophilus influenzae* and *Moraxella catarrhalis* (Reddy et al). 1997;116:175-80
Nitric oxide mediates mucin secretion in endotoxin-induced otitis media with effusion (Rose et al). 1997;116:308-16
Mucocele
McCune-Albright syndrome (polyostotic fibrous dysplasia) with intracranial frontoethmoid mucocele (Furin et al). 1997;116:559-62
Mucociliary clearance
Middle ear and auditory tube: middle ear clearance, gas exchange, and pressure regulation (Sadé and Ar). 1997;116:499-524
Mucous membranes
Plasma cell orificial mucositis (Noorily). 1997;116:416-7 (Clin. photo.)
Muscle, smooth
Smooth muscle tumor of the external auditory canal (Iguchi et al). 1997;116:231-3 (Case rep.)
Myasthenia gravis
Swollen tongue: a presentation of myasthenia gravis (Davison et al). 1997;116:244-6 (Case rep.)
***Mycobacteria avium* complex**
Nontuberculous mycobacterial infection of the frontal sinus in a child (Weiss et al). 1997;116:110-2 (Case rep.)
Mycobacterium tuberculosis
Prospective randomized study of thrice weekly six-month and nine-month chemotherapy for cervical tuberculous lymphadenopathy (Yuen et al). 1997;116:189-92
Myotomy
Cricopharyngeal myotomy and arytenoid adduction in the management of combined laryngeal and pharyngeal paralysis (Woodson). 1997;116:339-43

N

Nasal polyps
Sinusitis: bench to bedside. Current findings, future directions (Kaliner et al). 1997;116:S1-20
Nasal septum
Limited septoplasty for endoscopic sinus surgery (Cantrell). 1997;116:274-7 (Drug/device)
Nasal sinuses; *see* **Paranasal sinuses**
Nasopharyngeal neoplasms
Middle ear and auditory tube: middle ear clearance, gas exchange, and pressure regulation (Sadé and Ar). 1997;116:499-524
Necrosis
Cartilage viability with interpolated skin flaps: an experimental study (Park et al). 1997;116:483-8
Platysma myocutaneous flap: use for intraoral reconstruction (Özçelik et al). 1997;116:493-6
Neisseria
Contemporary management of deep neck space infections (Gidley et al). 1997;116:16-22
Neonate; *see* **Infant, newborn**
Neoplasm metastasis
Combined surgery and radiation therapy for squamous cell carcinoma of the hypopharynx (Kraus et al). 1997;116:637-41
Factors that predict metastasis of papillary and follicular thyroid cancers in Taiwan (Lin et al). 1997;116:475-82
Metastatic malignant mesothelioma to the tonsil (Hefer et al). 1997;116:684-8 (Case rep.)
Risk of lung cancer among patients with head and neck cancer (Deleyiannis and Thomas). 1997;116:630-6
Small cell carcinoma of the lung metastatic to the palatine tonsil (Hisa et al). 1997;116:563-4 (Clin. photo.)
Neurilemmoma
Cost-effective evaluation of asymmetric sensorineural hearing loss with focused magnetic resonance imaging (Carrier and Arriaga). 1997;116:567-74
A molecular, clinical, and immunohistochemical study of vestibular schwannoma (Irving et al). 1997;116:426-30
Neurofibromatosis 2
A molecular, clinical, and immunohistochemical study of vestibular schwannoma (Irving et al). 1997;116:426-30
Neuroma, acoustic
Appropriateness of magnetic resonance imaging in sudden sensorineural hearing loss (Weber et al). 1997;116:153-6
Cost-effective evaluation of asymmetric sensorineural hearing loss

with focused magnetic resonance imaging (Carrier and Arriaga). 1997;116:567-74
Primary peripheral T-cell lymphoma of the acoustic nerve (Taskin et al). 1997;116:674-7 (Case rep.)

Newborn; *see* Infant, newborn

Nitric oxide
Nitric oxide is a mediator of neurogenic vascular exudation in the nose (Lane et al). 1997;116:294-300
Nitric oxide mediates mucin secretion in endotoxin-induced otitis media with effusion (Rose et al). 1997;116:308-16

Noonan syndrome
Multiple temporal bone anomalies associated with Noonan syndrome (Naficy et al). 1997;116:265-7 (Case rep.)

Nose
Nitric oxide is a mediator of neurogenic vascular exudation in the nose (Lane et al). 1997;116:294-300

Nucleus Cochlear Implant
Speech recognition with the MPEAK and SPEAK speech-coding strategies of the nucleus cochlear implant (Holden et al). 1997;116:163-7

O

Oculomotor nerve
Contribution of the eighth nerve and cranial nerve nuclei to the short-latency vestibular evoked potentials in cats (Li et al). 1997;116:181-8

Omeprazole
Pilot study of the oral omeprazole test for reflux laryngitis (Metz et al). 1997;116:41-6

Online systems
Use of an Internet-based journal club (Kuppersmith et al). 1997;116:497-8

Optic nerve
Endoscopic approach to traumatic visual loss (Kountakis et al). 1997;116:652-5

Oral fistula
Platysma myocutaneous flap: use for intraoral reconstruction (Özçelik et al). 1997;116:493-6

Oropharynx
Role of the modified barium swallow in management of patients with dysphagia (Logemann). 1997;116:335-8

Otitis externa
Microbiology of otitis externa (Clark et al). 1997;116:23-5
Problems and pitfalls in community-based outcomes research (Isenberg and Rosenfeld). 1997;116:662-5

Otitis media
Immunoglobulin G subclass response to major outer membrane proteins of nontypable *Haemophilus influenzae* in children with acute otitis media (Bernstein et al). 1997;116:363-71

Otitis media, suppurative
Efficacy of ototopical ciprofloxacin in pediatric patients with otorrhea (Wintermeyer et al). 1997;116:450-3

Otitis media with effusion
Middle ear and auditory tube: middle ear clearance, gas exchange, and pressure regulation (Sadé and Ar). 1997;116:499-524
Nitric oxide mediates mucin secretion in endotoxin-induced otitis media with effusion (Rose et al). 1997;116:308-16

Otoacoustic emissions
Changes in otoacoustic emissions and auditory brain stem response after *cis*-platinum exposure in gerbils (Sie and Norton). 1997;116:585-92
Neonatal hearing screening with otoscopy, auditory brain stem response, and otoacoustic emissions (Doyle et al). 1997;116:597-603
Pass/fail rates for repeated click-evoked otoacoustic emission and auditory brain stem response screenings in newborns (McNellis and Klein). 1997;116:431-7

Otorrhea; *see* Cerebrospinal otorrhea

Otoscopy
Neonatal hearing screening with otoscopy, auditory brain stem response, and otoacoustic emissions (Doyle et al). 1997;116:597-603

Outcome; *see* Treatment outcome

Outpatient care; *see* Ambulatory care

Oval window
Anomalously coursing facial nerves above and below the oval window: three case reports (Huang). 1997;116:438-41

Ozena; *see* Rhinitis, atrophic

P

Pain
Transnasal butorphanol: pain relief in the head and neck patient (Cannon). 1997;116:197-200

Palate
Palate perforation from cocaine abuse (Sastry et al). 1997;116:565-6 (Clin. photo.)

Palatine tonsil; *see* Tonsil

Parainfluenza virus type 2
Laryngotracheobronchitis in pregnancy and its clinical implications (Moses et al). 1997;116:401-3 (Case rep.)

Paralysis
Cricopharyngeal myotomy and arytenoid adduction in the management of combined laryngeal and pharyngeal paralysis (Woodson). 1997;116:339-43
Pathophysiology and indications for medialization thyroplasty in patients with dysphagia and aspiration (Flint et al). 1997;116:349-54
Phrenic nerve paralysis after doxycycline sclerotherapy for chylous fistula (Kirse et al). 1997;116:680-3 (Case rep.)
Stretch-induced nerve injury as a cause of paralysis secondary to the anterior cervical approach (Weisberg et al). 1997;116:317-26

Paranasal sinuses
Contemporary management of cerebrospinal fluid rhinorrhea (Wax et al). 1997;116:442-9
Idiopathic midline destructive disease involving the paranasal sinuses and middle ear (Nishizaki et al). 1997;116:548-50
Impact of surgical treatment on paranasal fungal infections in bone marrow transplant patients (Kennedy et al). 1997;116:610-6
Limited septoplasty for endoscopic sinus surgery (Cantrell). 1997;116:274-7 (Drug/device)
Low-velocity gunshot wounds to the paranasal sinuses (Lee et al). 1997;116:372-8
Management of tension pneumocephalus caused by endoscopic sinus surgery (Campanelli and Odland). 1997;116:247-50 (Case rep.)
Nitric oxide is a mediator of neurogenic vascular exudation in the nose (Lane et al). 1997;116:294-300
Supraorbital ethmoid cell (Owen Jr and Kuhn). 1997;116:254-61 (Case rep.)

Parathyroid glands
Giant mediastinal parathyroid cyst masquerading as a substernal goiter (Lydiatt et al). 1997;116:411-3 (Case rep.)

Paresthesia
Minimizing upper lip and incisor teeth paresthesias in approaches to transsphenoidal surgery (Schoem et al). 1997;116:656-61
Particle repositioning maneuver
Further observations during the particle repositioning maneuver for benign paroxysmal positional vertigo (Parnes and Robichaud). 1997;116:238-43 (Case rep.)
Patient education
Max Goldstein and deaf education: a century of progress (Bailey). 1997;116:419-25 (Editorial)
Penetrating injury; *see* Wounds, penetrating
Peptidases
Altered regulation of cell surface peptidases in human cholesteatoma (Desloge et al). 1997;116:58-63
Peptostreptococcus
Contemporary management of deep neck space infections (Gidley et al). 1997;116:16-22
Microbiology of otitis externa (Clark et al). 1997;116:23-5
Perfusion
Middle ear and auditory tube: middle ear clearance, gas exchange, and pressure regulation (Sadé and Ar). 1997;116:499-524
Petrous bone
Venous channels of the petrous apex: their presence and clinical importance (Gadre et al). 1997;116:168-74
Pharyngeal muscles
Cricopharyngeal myotomy and arytenoid adduction in the management of combined laryngeal and pharyngeal paralysis (Woodson). 1997;116:339-43
Use of botulinum toxin for diagnosis and management of cricopharyngeal achalasia (Blitzer and Brin). 1997;116:328-30
Pharyngeal neoplasms
Risk of lung cancer among patients with head and neck cancer (Deleyiannis and Thomas). 1997;116:630-6
Pharyngoesophageal diverticulum; *see* Zenker's diverticulum
Pharynx
Laryngeal electromyography for the diagnosis and management of swallowing disorders (Hillel et al). 1997;116:344-8
Use of manometry in the evaluation of dysphagia (Kelly). 1997;116:355-7
Photofrin
Intraoperative phototherapy: a comparative study of intravenous and topical photofrin II and aminolevulinic acid (Davis et al). 1997;116:223-7
Phototherapy
Intraoperative phototherapy: a comparative study of intravenous and topical photofrin II and aminolevulinic acid (Davis et al). 1997;116:223-7
Phrenic nerve
Phrenic nerve paralysis after doxycycline sclerotherapy for chylous fistula (Kirse et al). 1997;116:680-3 (Case rep.)
Plasma cells
Plasma cell orificial mucositis (Noorily). 1997;116:416-7 (Clin. photo.)
Platysma muscle
Platysma myocutaneous flap: use for intraoral reconstruction (Özçelik et al). 1997;116:493-6
Pneumocephalus
Management of tension pneumocephalus caused by endoscopic sinus surgery (Campanelli and Odland). 1997;116:247-50 (Case rep.)
Otogenic pneumocephalus in a patient with an idiopathic mastoid defect (Keller et al). 1997;116:228-30 (Case rep.)
Pneumomediastinum; *see* Mediastinal emphysema
Polychondritis, relapsing
Relapsing polychondritis (Isenberg). 1997;116:138 (Clin. photo.)
Polydactyly
Bifid epiglottis and polydactyly: a new genetic syndrome (McClay et al). 1997;116:129-33 (Case rep.)
Polyostotic fibrous dysplasia; *see* Fibrous dysplasia, polyostotic
Postoperative complications
Closed rhinolalia as a symptom of pneumomediastinum after tonsillectomy: a case report and literature review (Braverman et al). 1997;116:551-3
Outcome analysis of the transglabellar/subcranial approach for lesions of the anterior cranial fossa: a comparison with the classic craniotomy approach (Jung et al). 1997;116:642-6
Pregnancy
Laryngotracheobronchitis in pregnancy and its clinical implications (Moses et al). 1997;116:401-3 (Case rep.)
Pressure
Middle ear and auditory tube: middle ear clearance, gas exchange, and pressure regulation (Sadé and Ar). 1997;116:499-524
Program issue
Program issue. 1997;116:P1-P238
Proliferating cell nuclear antigen
A molecular, clinical, and immunohistochemical study of vestibular schwannoma (Irving et al). 1997;116:426-30
Propionobacter
Contemporary management of deep neck space infections (Gidley et al). 1997;116:16-22
Proteus
Contemporary management of deep neck space infections (Gidley et al). 1997;116:16-22
Microbiology of otitis externa (Clark et al). 1997;116:23-5
Pseudomonas
Contemporary management of deep neck space infections (Gidley et al). 1997;116:16-22
Efficacy of ototopical ciprofloxacin in pediatric patients with otorrhea (Wintermeyer et al). 1997;116:450-3
Public health
Sinusitis: bench to bedside. Current findings, future directions (Kaliner et al). 1997;116:S1-20

Q

Quality of life
Prospective, longitudinal quality-of-life study of patients with head and neck cancer: a feasibility study including the EORTC QLQ-C30 (Hammerlid et al). 1997;116:666-73
Sinusitis: bench to bedside. Current findings, future directions (Kaliner et al). 1997;116:S1-20
Questionnaires
Problems and pitfalls in community-based outcomes research (Isenberg and Rosenfeld). 1997;116:662-5
Prospective, longitudinal quality-of-life study of patients with head and neck cancer: a feasibility study including the EORTC QLQ-C30 (Hammerlid et al). 1997;116:666-73

R

Rabbits
Cartilage viability with interpolated skin flaps: an experimental study (Park et al). 1997;116:483-8
Radiography
Role of the modified barium swallow in management of patients with dysphagia (Logemann). 1997;116:335-8

Sinusitis: bench to bedside. Current findings, future directions (Kaliner et al). 1997;116:S1-20

Radiotherapy

Combined surgery and radiation therapy for squamous cell carcinoma of the hypopharynx (Kraus et al). 1997;116:637-41

Extended temporal bone resection for squamous cell carcinoma (Moffat et al). 1997;116:617-23

Rats, Sprague-Dawley

A comparison of the biocompatibility of three absorbable hemostatic agents in the rat middle ear (Liening et al). 1997;116:454-7

Recurrent laryngeal nerve

Pathophysiology and indications for medialization thyroplasty in patients with dysphagia and aspiration (Flint et al). 1997;116:349-54

Physiologic motion after laryngeal nerve reinnervation: a new method (Sercarz et al). 1997;116:466-74

Reflex, vestibulo-ocular

Idiopathic bilateral vestibular loss (Sargent et al). 1997;116:157-62

Reflux laryngitis; *see* **Laryngitis**

Rejuvenation

Posterior cervical rhytidectomy: a valuable adjunct in facial rejuvenation surgery (Campbell et al). 1997;116:79-90

Research

Problems and pitfalls in community-based outcomes research (Isenberg and Rosenfeld). 1997;116:662-5

Prospective, longitudinal quality-of-life study of patients with head and neck cancer: a feasibility study including the EORTC QLQ-C30 (Hammerlid et al). 1997;116:666-73

Sinusitis: bench to bedside. Current findings, future directions (Kaliner et al). 1997;116:S1-20

Residency; *see* **Internship and residency**

Respiration, artificial

Technique for promoting healing of complex tracheostomy wounds (Hotter and Warfield). 1997;116:693-5 (Drug/device)

Respiratory tract neoplasms

Head and neck cancer screening among 4611 tobacco users older than forty years (Prout et al). 1997;116:201-8

Retrocochlear diseases

Cost-effective evaluation of asymmetric sensorineural hearing loss with focused magnetic resonance imaging (Carrier and Arriaga). 1997;116:567-74

Review literature

Closed rhinolalia as a symptom of pneumomediastinum after tonsillectomy: a case report and literature review (Braverman et al). 1997;116:551-3

Endoscopically introduced expandable stents in laryngotracheal stenosis: the jury is still out (Hanna and Eliachar). 1997;116:97-103

Pediatric sinusitis: a literature review with emphasis on the role of allergy (Gungor and Corey). 1997;116:4-15

Primary atrophic rhinitis: a summary of four cases and review of the literature (Chand and MacArthur). 1997;116:554-8

Tracheal agenesis: a case report and review of the literature (Kerschner and Klotch). 1997;116:123-8 (Case rep.)

Rhabdomyosarcoma

Pleomorphic rhabdomyosarcoma of the submandibular salivary gland (Lin et al). 1997;116:545-7

Spindle cell variant of embryonal rhabdomyosarcoma (Don et al). 1997;116:529-32

Rhinitis

Nitric oxide is a mediator of neurogenic vascular exudation in the nose (Lane et al). 1997;116:294-300

Sinusitis: bench to bedside. Current findings, future directions (Kaliner et al). 1997;116:S1-20

Rhinitis, atrophic

Primary atrophic rhinitis: a summary of four cases and review of the literature (Chand and MacArthur). 1997;116:554-8

Rhinolalia

Closed rhinolalia as a symptom of pneumomediastinum after tonsillectomy: a case report and literature review (Braverman et al). 1997;116:551-3

Rhinorrhea

Nitric oxide is a mediator of neurogenic vascular exudation in the nose (Lane et al). 1997;116:294-300

Rhytidectomy; *see* **Rhytidoplasty**

Rhytidoplasty

Posterior cervical rhytidectomy: a valuable adjunct in facial rejuvenation surgery (Campbell et al). 1997;116:79-90

Ribs

Anomalous articulation of the first rib mimicking supraclavicular neoplasia (Zrada and Finkelstein). 1997;116:389-91 (Case rep.)

Risk factors

Risk of lung cancer among patients with head and neck cancer (Deleyiannis and Thomas). 1997;116:630-6

S

Salivary gland neoplasms

Pleomorphic rhabdomyosarcoma of the submandibular salivary gland (Lin et al). 1997;116:545-7

Sarcoma

Pleomorphic rhabdomyosarcoma of the submandibular salivary gland (Lin et al). 1997;116:545-7

Spindle cell variant of embryonal rhabdomyosarcoma (Don et al). 1997;116:529-32

Schwannoma; *see* **Neurilemmoma**

Science Review

Basic science review. 1997;116:499-562

Sclerotherapy

Phrenic nerve paralysis after doxycycline sclerotherapy for chylous fistula (Kirse et al). 1997;116:680-3 (Case rep.)

Secretory otitis media; *see* **Otitis media with effusion**

Sedatives; *see* **Hypnotics and sedatives**

Septoplasty

Limited septoplasty for endoscopic sinus surgery (Cantrell). 1997;116:274-7 (Drug/device)

Sickle cell disease

Sudden hearing loss in sickle cell disease: a case report (Schreibstein et al). 1997;116:541-4

Sinusitis

Immunotherapy in the treatment of allergic fungal sinusitis (Mabry et al). 1997;116:31-5

Impact of surgical treatment on paranasal fungal infections in bone marrow transplant patients (Kennedy et al). 1997;116:610-6

Pediatric sinusitis: a literature review with emphasis on the role of allergy (Gungor and Corey). 1997;116:4-15

Sinusitis: bench to bedside. Current findings, future directions (Kaliner et al). 1997;116:S1-20

Tracheoesophageal fistula and sinusitis from invasive aspergillosis (Stack Jr et al). 1997;116:116-9 (Case rep.)

Sixth nerve; *see* **Abducens nerve**

Skin

Protection of the cervical skin in the pediatric patient with a recent tracheostomy (Bressler et al). 1997;116:414-5 (Drug/device)

Skin flaps; *see* **Surgical flaps**
Skull
Craniofacial manifestations of the amniotic band syndrome (Bagatin et al). 1997;116:525-8
McCune-Albright syndrome (polyostotic fibrous dysplasia) with intracranial frontoethmoid mucocele (Furin et al). 1997;116:559-62
Skull neoplasms
Outcome analysis of the transglabellar/subcranial approach for lesions of the anterior cranial fossa: a comparison with the classic craniotomy approach (Jung et al). 1997;116:642-6
Sleep apnea syndromes
Closure of permanent tracheostomy in patients with sleep apnea: a comparison of two techniques (Mickelson and Rosenthal). 1997;116:36-40
Small cell carcinoma; *see* **Carcinoma, small cell**
Smoking
Risk of lung cancer among patients with head and neck cancer (Deleyiannis and Thomas). 1997;116:630-6
Smooth muscle tumor
Smooth muscle tumor of the external auditory canal (Iguchi et al). 1997;116:231-3 (Case rep.)
Soft tissue neoplasms
Spindle cell variant of embryonal rhabdomyosarcoma (Don et al). 1997;116:529-32
Speech
Speech recognition with the MPEAK and SPEAK speech-coding strategies of the nucleus cochlear implant (Holden et al). 1997;116:163-7
Sphenoid sinus
Minimizing upper lip and incisor teeth paresthesias in approaches to transsphenoidal surgery (Schoem et al). 1997;116:656-61
Resolution of primary spontaneous cerebrospinal fluid rhinorrhea after computed tomographic cisternography (Brigham et al). 1997;116:533-5
Sphincter, esophageal; *see* **Esophagogastric junction**
Spindle cell carcinoma; *see* **Carcinoma**
Squamous cell carcinoma; *see* **Carcinoma, squamous cell**
Stapes
Anomalously coursing facial nerves above and below the oval window: three case reports (Huang). 1997;116:438-41
Congenital absence of stapes and facial nerve dehiscence (Reiber and Schwaber). 1997;116:278 (Clin. photo.)
Staphylococcus
Contemporary management of deep neck space infections (Gidley et al). 1997;116:16-22
Microbiology of otitis externa (Clark et al). 1997;116:23-5
Stents
Endoscopically introduced expandable stents in laryngotracheal stenosis: the jury is still out (Hanna and Eliachar). 1997;116:97-103
Streptococcus
Contemporary management of deep neck space infections (Gidley et al). 1997;116:16-22
Stromal cells
Squamous cell carcinomas of the head and neck cultured in floating collagen gels: 1. the maintenance of stromal and epithelial elements in vitro without fibroblast overgrowth (Burford-Mason et al). 1997;116:213-22
Sudden infant death
Otolaryngic manifestations in children presenting with apparent life-threatening events (McMurray and Holinger). 1997;116:575-9
Ovine fetal laryngeal chemoreflex thresholds and respiratory effects (Chan et al). 1997;116:91-6
Surgical flaps
Cartilage viability with interpolated skin flaps: an experimental study (Park et al). 1997;116:483-8
Platysma myocutaneous flap: use for intraoral reconstruction (Özçelik et al). 1997;116:493-6
Surgical instruments
A comparison of mucosal incisions made by scalpel, CO_2 laser, electrocautery, and constant-voltage electrocautery (Liboon et al). 1997;116:379-85
New laser ruler instrument for making measurements through an endoscope (Herzon and Zealear). 1997;116:689-92 (Drug/device)
Use of steerable forceps in endoscopic sinus surgery (Sillers). 1997;116:698 (Drug/device)
Use of the miniarthroscopic drill in choanal atresia repair: how we do it (Randall et al). 1997;116:696-7 (Drug/device)
Swallowing disorders; *see* **Deglutition disorders**
Systemic lupus erythematosus; *see* **Lupus erythematosus, systemic**

T

Taiwan
Factors that predict metastasis of papillary and follicular thyroid cancers in Taiwan (Lin et al). 1997;116:475-82
Temporal bone
Extended temporal bone resection for squamous cell carcinoma (Moffat et al). 1997;116:617-23
Multiple temporal bone anomalies associated with Noonan syndrome (Naficy et al). 1997;116:265-7 (Case rep.)
Tenth nerve; *see* **Vagus nerve**
Third nerve; *see* **Oculomotor nerve**
Thrombosis
Contemporary management of deep neck space infections (Gidley et al). 1997;116:16-22
Thyroglossal cyst
Papillary carcinoma arising in a thyroglossal duct cyst (Wigley et al). 1997;116:386-8 (Case rep.)
Thyroid diseases
Nodular thyroid disease in children and adolescents (Millman and Pellitteri). 1997;116:604-9
Thyroid gland
Superior thyroid artery arising from the common carotid artery (Akyol et al). 1997;116:701 (Clin. photo.)
Thyroid neoplasms
Factors that predict metastasis of papillary and follicular thyroid cancers in Taiwan (Lin et al). 1997;116:475-82
Thyroid nodule
Nodular thyroid disease in children and adolescents (Millman and Pellitteri). 1997;116:604-9
Thyroidectomy
Nodular thyroid disease in children and adolescents (Millman and Pellitteri). 1997;116:604-9
Thyroplasty
Pathophysiology and indications for medialization thyroplasty in patients with dysphagia and aspiration (Flint et al). 1997;116:349-54
Tinnitus
Changes in otoacoustic emissions and auditory brain stem response after *cis*-platinum exposure in gerbils (Sie and Norton). 1997;116:585-92

T lymphocytes
Suppressive factor or factors derived from head and neck squamous cell carcinoma induce apoptosis in activated lymphocytes (Billings et al). 1997;116:458-65

Tobacco
Head and neck cancer screening among 4611 tobacco users older than forty years (Prout et al). 1997;116:201-8
Risk of lung cancer among patients with head and neck cancer (Deleyiannis and Thomas). 1997;116:630-6

Tomography
Resolution of primary spontaneous cerebrospinal fluid rhinorrhea after computed tomographic cisternography (Brigham et al). 1997;116:533-5

Tongue
Platysma myocutaneous flap: use for intraoral reconstruction (Özçelik et al). 1997;116:493-6
Swollen tongue: a presentation of myasthenia gravis (Davison et al). 1997;116:244-6 (Case rep.)

Tonsil
Metastatic malignant mesothelioma to the tonsil (Hefer et al). 1997;116:684-8 (Case rep.)
Small cell carcinoma of the lung metastatic to the palatine tonsil (Hisa et al). 1997;116:563-4 (Clin. photo.)

Tonsillectomy
Atlantoaxial subluxation after tonsillectomy and adenoidectomy (Önerci et al). 1997;116:271-3 (Case rep.)
Closed rhinolalia as a symptom of pneumomediastinum after tonsillectomy: a case report and literature review (Braverman et al). 1997;116:551-3
Ultrasonic tonsillectomy: rationale and technique (Weingarten). 1997;116:193-6

Trace elements
Trace elements in head and neck cancer patients: zinc status and immunologic functions (Prasad et al). 1997;116:624-9

Trachea
Laryngotracheal reconstruction without stenting (Younis and Lazar). 1997;116:358-62
Laryngotracheobronchitis in pregnancy and its clinical implications (Moses et al). 1997;116:401-3 (Case rep.)
Successful tracheoesophageal puncture voice restoration in a patient with total glossectomy (Meeker et al). 1997;116:113-5 (Case rep.)
Tracheal agenesis: a case report and review of the literature (Kerschner and Klotch). 1997;116:123-8 (Case rep.)

Tracheal neoplasms
Pleomorphic adenoma of the trachea (Bizal et al). 1997;116:139-40 (Clin. photo.)

Tracheal stenosis
Endoscopically introduced expandable stents in laryngotracheal stenosis: the jury is still out (Hanna and Eliachar). 1997;116:97-103

Tracheoesophageal fistula
Tracheoesophageal fistula and sinusitis from invasive aspergillosis (Stack Jr et al). 1997;116:116-9 (Case rep.)

Tracheostomy
Closure of permanent tracheostomy in patients with sleep apnea: a comparison of two techniques (Mickelson and Rosenthal). 1997;116:36-40
Protection of the cervical skin in the pediatric patient with a recent tracheostomy (Bressler et al). 1997;116:414-5 (Drug/device)
Technique for promoting healing of complex tracheostomy wounds (Hotter and Warfield). 1997;116:693-5 (Drug/device)

Transglabellar/subcranial approach
Outcome analysis of the transglabellar/subcranial approach for lesions of the anterior cranial fossa: a comparison with the classic craniotomy approach (Jung et al). 1997;116:642-6

Trauma; *see* **Wounds and injuries**

Treatment outcome
Outcome analysis of the transglabellar/subcranial approach for lesions of the anterior cranial fossa: a comparison with the classic craniotomy approach (Jung et al). 1997;116:642-6
Problems and pitfalls in community-based outcomes research (Isenberg and Rosenfeld). 1997;116:662-5
Prospective, longitudinal quality-of-life study of patients with head and neck cancer: a feasibility study including the EORTC QLQ-C30 (Hammerlid et al). 1997;116:666-73
Sinusitis: bench to bedside. Current findings, future directions (Kaliner et al). 1997;116:S1-20

Trigeminal nerve
Perineural spread of facial squamous cell carcinoma to the vestibulocochlear nerve (Murofushi et al). 1997;116:392-4 (Case rep.)

Trochlear nerve
Contribution of the eighth nerve and cranial nerve nuclei to the short-latency vestibular evoked potentials in cats (Li et al). 1997;116:181-8

Tuberculosis, lymph node
Prospective randomized study of thrice weekly six-month and nine-month chemotherapy for cervical tuberculous lymphadenopathy (Yuen et al). 1997;116:189-92

Twelfth nerve; *see* Hypoglossal nerve

Tympanic membrane
Capillary hemangioma of the tympanic membrane (Magliulo and Fusconi). 1997;116:137 (Clin. photo.)
Do aminoglycoside otic preparations cause ototoxicity in the presence of tympanic membrane perforations? (Wong and Rutka). 1997;116:404-10 (Case rep.)
Neonatal hearing screening with otoscopy, auditory brain stem response, and otoacoustic emissions (Doyle et al). 1997;116:597-603

U

Ultrasonics
Ultrasonic tonsillectomy: rationale and technique (Weingarten). 1997;116:193-6

V

Vagus nerve
Contribution of the eighth nerve and cranial nerve nuclei to the short-latency vestibular evoked potentials in cats (Li et al). 1997;116:181-8
Cricopharyngeal myotomy and arytenoid adduction in the management of combined laryngeal and pharyngeal paralysis (Woodson). 1997;116:339-43

Vasoconstrictor agents
Sinusitis: bench to bedside. Current findings, future directions (Kaliner et al). 1997;116:S1-20

Ventilation
Middle ear and auditory tube: middle ear clearance, gas exchange, and pressure regulation (Sadé and Ar). 1997;116:499-524
Technique for promoting healing of complex tracheostomy wounds (Hotter and Warfield). 1997;116:693-5 (Drug/device)

Vernix
Neonatal hearing screening with otoscopy, auditory brain stem response, and otoacoustic emissions (Doyle et al). 1997;116:597-603
Vertebral artery
Otologic manifestations of vertebral artery dissection (Strome et al). 1997;116:262-4 (Case rep.)
Vertigo
Electrocochleography in retrosigmoid vestibular nerve section for intractable vertigo caused by Meniere's disease (Krueger and Storper). 1997;116:593-6
Further observations during the particle repositioning maneuver for benign paroxysmal positional vertigo (Parnes and Robichaud). 1997;116:238-43 (Case rep.)
Otologic manifestations of vertebral artery dissection (Strome et al). 1997;116:262-4 (Case rep.)
Vestibular diseases
A molecular, clinical, and immunohistochemical study of vestibular schwannoma (Irving et al). 1997;116:426-30
Vestibular nerve
Contribution of the eighth nerve and cranial nerve nuclei to the short-latency vestibular evoked potentials in cats (Li et al). 1997;116:181-8
Electrocochleography in retrosigmoid vestibular nerve section for intractable vertigo caused by Meniere's disease (Krueger and Storper). 1997;116:593-6
Idiopathic bilateral vestibular loss (Sargent et al). 1997;116:157-62
Idiopathic Dandy's syndrome (Syms III and House). 1997;116:75-8
Vestibule
Cost-effective evaluation of asymmetric sensorineural hearing loss with focused magnetic resonance imaging (Carrier and Arriaga). 1997;116:567-74
Methotrexate management of immune-mediated cochleovestibular disorders (Sismanis et al). 1997;116:146-52
Vestibular dysfunction due to cryptococcal meningitis (Hughes III et al). 1997;116:536-40
Vestibulocochlear nerve; *see* Acoustic nerve
Vision
Delayed blindness after facial fracture repair (Li et al). 1997;116:251-3 (Case rep.)
Endoscopic approach to traumatic visual loss (Kountakis et al). 1997;116:652-5
Vocal cord paralysis
Cricopharyngeal myotomy and arytenoid adduction in the management of combined laryngeal and pharyngeal paralysis (Woodson). 1997;116:339-43
Pathophysiology and indications for medialization thyroplasty in patients with dysphagia and aspiration (Flint et al). 1997;116:349-54
Physiologic motion after laryngeal nerve reinnervation: a new method (Sercarz et al). 1997;116:466-74
Stretch-induced nerve injury as a cause of paralysis secondary to the anterior cervical approach (Weisberg et al). 1997;116:317-26
Voice
Closed rhinolalia as a symptom of pneumomediastinum after tonsillectomy: a case report and literature review (Braverman et al). 1997;116:551-3
Successful tracheoesophageal puncture voice restoration in a patient with total glossectomy (Meeker et al). 1997;116:113-5 (Case rep.)

W

Walking
Idiopathic Dandy's syndrome (Syms III and House). 1997;116:75-8
Wound healing
Technique for promoting healing of complex tracheostomy wounds (Hotter and Warfield). 1997;116:693-5 (Drug/device)
Wounds, gunshot
Low-velocity gunshot wounds to the paranasal sinuses (Lee et al). 1997;116:372-8
Wounds, penetrating
Translaryngeal puncture in a collegiate fencer (Campbell et al). 1997;116:120-2 (Case rep.)
Wounds and injuries
Delayed blindness after facial fracture repair (Li et al). 1997;116:251-3 (Case rep.)
Endoscopic approach to traumatic visual loss (Kountakis et al). 1997;116:652-5
Low-velocity gunshot wounds to the paranasal sinuses (Lee et al). 1997;116:372-8
Stretch-induced nerve injury as a cause of paralysis secondary to the anterior cervical approach (Weisberg et al). 1997;116:317-26
Translaryngeal puncture in a collegiate fencer (Campbell et al). 1997;116:120-2 (Case rep.)

Z

Zenker's diverticulum
Endoscopic Zenker's diverticulotomy (Dohlman procedure): forty cases reviewed (Von Doersten and Byl). 1997;116:209-12
Zinc
Trace elements in head and neck cancer patients: zinc status and immunologic functions (Prasad et al). 1997;116:624-9
